

REG'ACTIV™

Reg'Activ DETOX & LIVER HEALTH™*

Probiotic support and liver health ingredients
all in one powerful supplement*

Reg'Activ DETOX & LIVER HEALTH™* features the revolutionary probiotic strain *Lactobacillus fermentum* ME-3. Studied for over 20 years, ME-3 produces the super antioxidant glutathione, which supports liver tissue health and function on a cellular level.*

Reg'Activ DETOX & LIVER HEALTH™*

- Unparalleled glutathione support for healthy liver function*
- Innovative antioxidant and liver health support*
- Promotes healthy detoxification and normal liver function*
- PLUS: Milk thistle (Silymarin), L-Selenomethionine, and more
- Certified AVA vegan 

DETOX & LIVER HEALTH™* combines *Lactobacillus fermentum* ME-3 with established liver health ingredients for synergistic health promoting effects.*

REG'ACTIV™

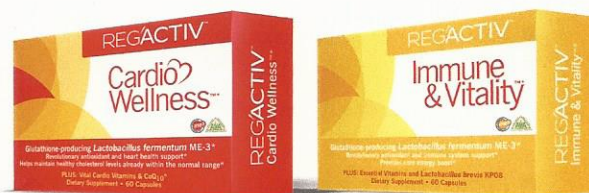

The Science Behind Reg'Activ DETOX & LIVER HEALTH™*

Lactobacillus fermentum ME-3 produces antioxidant glutathione. This effect complements additional natural hepatic health ingredients, which also promote healthy glutathione levels and activity. L-Methionine and N-Acetyl-cysteine (NAC) are glutathione precursors, while L-Selenomethionine (selenium) promotes healthy levels of glutathione peroxidase, which supports liver tissue health. Milk thistle (silymarin) also supports liver health by producing super antioxidant enzymes. Reg'Activ DETOX & LIVER HEALTH™ harnesses the synergy of all these ingredients.*

Glutathione: The Master Antioxidant for DETOX & LIVER HEALTH™*

20 Years of Published Research: In 1995, award-winning microbiologist Marika Mikelsaar, MD, PhD and her team of research scientists isolated a unique probiotic strain. *Lactobacillus fermentum* ME-3 produces the super antioxidant glutathione, which is required for the liver's normal detoxification process.*

For optimal digestive health, pair this product with
Dr. Ohhira's Probiotics® Original Formula.
