# REG'ACTIV™

## The Science Behind Reg'Activ IMMUNE & VITALITY™\*

IMMUNE & VITALITY™\* combines the glutathione-producing probiotic *Lactobacillus fermentum* ME-3 with *Lactobacillus brevis* KP08. A novel probiotic strain from Japan, KP08 promotes the balanced production of interferon- $\alpha$ , which in turn supports a healthy immune response. This unique probiotic formula provides highly synergistic immune system effects. Reg'Activ IMMUNE & VITALITY™ also contains amino acid L-Carnitine tartrate to support healthy energy levels. Essential B-vitamins and vitamin C provide additional support for immune health, balanced metabolism, and energy production.\*

## Glutathione: The Master Antioxidant for IMMUNE & VITALITY™\*

**20 Years of Published Research:** In 1995, award-winning microbiologist Marika Mikelsaar, MD, PhD and her team of research scientists isolated a unique probiotic strain. *Lactobacillus fermentum* ME-3 produces the super antioxidant glutathione, which is known to support a healthy immune system.\*
